## **Limpsfield Representation in Israel**

### **For the Attention of:**

### **Assi Katshal of Melkam Group Ltd.**

Regarding the Selling, Installation, Servicing and Commissioning of our Limpsfield Combustion products in your Territories (Israel): -

I can confirm that Melkam Group Ltd. is the exclusive Limpsfield authorized sales, installation, service and commissioning company recognized in Israel. As a recognized representative of our products, you are authorized to sell and work on our burners in your designated territories as well as receive any direct technical assistance from our in house technical teams and engineering team.

On new burner projects Melkam Group Ltd. is authorized to fit new burners, gas trains, and oil pumps etc. in line with our in-house design drawings and requirements for all of burner model ranges. Melkam Group Ltd. is also authorized to size, design, supply and install complete gas trains or individual components providing they meet local codes, and the components are part of our UL/CE listed product range. If (as in many cases) some of the existing combustion equipment of controllers are in perfectly good working order, again these can and should be re-used providing they meet local codes and use UL/CE listed components.

Melkam Group Ltd. attends factory training regarding the burner and Autoflame burner management system on a regular basis, to fulfil their commitment as an authorised installation and commissioning company.

Businesses can approach Limpsfield Combustion Engineering directly if any service level by Melkam Group Ltd. is not satisfactory.

We at Limpsfield look forward to an exciting and successful business relationship for our companies both now and in long into the future.

Yours Sincerely,

James Catton  
Head of Sales
